Dear Mr. Flanagan:

This is to acknowledge receipt of your letter of 11 September 1950 requesting certain statistics regarding homosexuals in this Agency.

The information which you have requested is as follows:

25X1

In reference to category (c), I wish to point out that this category represents instances where there is current suspicion of homosexual activity or allegations of a nebulous nature have been received and are in the process of investigation for determination as to the facts. In this connection the facts have not yet been substantiated, but there is some possibility in [redacted] cases that the suspicions are well founded. If it is determined by our investigation that the reports of homosexuality in these three cases are in fact correct, the employees will be terminated or allowed to resign immediately.

25X1

I understand that if there is to be any publication of these figures they will be lumped together in an over-all total rather than published on an agency-by-agency basis.

Very truly yours,

Walter L. Pforzheimer  
Legislative Officer
